About Me

I'm Meda, the heart and hands behind Patisserie Artisanale, a home bakery based in Heerlen.

Baking allows me to combine creativity with precision, and I enjoy crafting desserts that look as good as they taste.

Patisserie Artisanale offers refined, handmade desserts with a focus on flavor, texture, and presentation. From elegant entremets to unique sweets for special occasions, everything is prepared in small batches with attention to detail and quality.

Services offered:

- Sweet tables (entremets, cakes, cupcakes, cookies, one bite)
- Custom cakes
- Sweet table styling (glass plates, vintage jars, flowers, etc.)
- Delivery & setup (available in Heerlen and surrounding areas, within a 60 km radius).
- Wedding cake tasting boxes. Order my wedding cake tasting box to sample the flavors at home. Tasting box fee is deductible from your final wedding cake order.
- Alongside custom cakes and sweet table, I also offer the option to attend your event with my charming vintage dessert trailer for a truly unique experience.

A decorative floral illustration in the top right corner of the page. It features two large, stylized flowers with multiple petals and prominent stamens, rendered in a dark brown or black ink. The flowers are set against a light beige, textured background that resembles aged paper. The overall style is elegant and traditional.
